

AMAN VYAS

Agra, Uttar Pradesh | +91 9634017715 | vyasaman52@gmail.com | [LinkedIn](#)

Aspiring Computer Science Engineer with hands-on experience in Python, machine learning, and data analysis through academic projects and internships. Skilled in building ML models, data preprocessing, and solving practical problems using AI-driven solutions. Passionate about emerging technologies, software development, and contributing to innovative projects.

EDUCATION

Hindustan College of Science and Technology | Mathura, IN

B.Tech – Computer Science and Engineering | CGPA: 7.77 | 2023 – 2027

PROJECT EXPERIENCE

Medicine Recommendation System

- Developed a machine learning model to recommend medicines based on patient symptoms and historical datasets.
- Implemented data preprocessing, feature engineering, and supervised classification techniques for prediction accuracy.
- Optimized training datasets and improved model performance using Python-based ML workflows.
- Tools & Technologies:** Python, Scikit-learn, Pandas, NumPy

INTERNSHIP EXPERIENCE

Machine Learning Intern – InternPay | 45 Days

17 Nov - 28 Dec 2025

- Developed and tested machine learning models using Python and real-world datasets.
- Performed data cleaning, preprocessing, training, and model evaluation for improved outputs.
- Gained practical exposure to machine learning workflows and industry-level implementation practices.

SKILLS

Programming Languages: Python, C++ (Basic)

Machine Learning: Scikit-learn, Pandas, NumPy

Tools & Platforms: Jupyter Notebook, VS Code

ACHIEVEMENTS AND CERTIFICATIONS

- Qualified Gate Examination
- HackerRank – Python Certification
- Coursera – Supervised Machine Learning Certification
